Jubilee Court is a care home for Adult Service Users with Physical Disabilities, Acquired Brain Injury and Degenerative Neurological Disorders, requiring a continuum of care, through a structured programme of rehabilitation.

Jubilee Court Care Home Overview

Jubilee Court is a specialist service with 3 areas of accommodation that support individual needs. All 30 bedrooms are fully en-suite on different levels according to assessed needs, with communal dining rooms & lounges, library/media room, sensory room, therapy room and a cinema/games room, two large rehabilitation kitchens one on each floor, hydrotherapy baths. We have a team of staff that are trained in the care of clients with Neurological conditions, we also have a qualified Physiotherapist and Occupational Therapist to carry out initial assessment and provide guidance on future support.

Our focus is on promoting independence with clients and integrating them in the community where appropriate to do so.

Our rehabilitation services are excellent within Jubilee court and we have good links with local community activity alongside our own rehabilitation team.

Jubilee Court Care Home Activities & Information

There are dedicated laundry staff to meet Service users' needs and there is also a washing machine in the therapy kitchen if Service users wish to or are able to do their own laundry.

We aim to work with Service users in establishing an individual and holistic plan of care identifying views, wishes and choices, therefore ensuring Service users are involved in the delivery and review of their care throughout their stay at Jubilee Court Care Home. An individual therapy and activity program is devised for service users with involvement from service users, their families and the Multi Disciplinary Team (and Advocacy Services if required) to enable us to rehabilitate service users to their maximum.
