Little Ingestre House Care Home Details

The management and staff at Little Ingestre House Care Home are committed to providing a standard of care that embraces all the principles of excellent care home practices. The resident's physical and spiritual wellbeing is at the heart of our plan of care which ultimately enables each resident to reach their desired goals and level of fulfilment in life. We actively promote a happy working and living environment which is both professional, courteous and fun. We believe in respecting individual preferences whilst encouraging independence.

It is important to us to respect the variations in individual needs, interests, views, lifestyle, hobbies and personalities, and the staff will make this an inclusive part of an individual's plan of care.

Little Ingestre House Care Home Activities & Information

We have a dedicated activities programme which provides a varied and professional schedule of 'things to do' and 'places to go'. Everyday our team will ensure that there is a full day of activities to include arts and crafts, music, exercise, baking, massage, beauty, scrabble, quizzes, shopping, local walks, news and world affairs, outings and entertainment. Promoting independence, fun and fulfilment is at the heart of this vibrant home.
